1.	The Gold Partnership required is a high requirement as very few local suppliers have Gold Partnership. Therefore, the bid may not be competitive, We are requesting if you can lower the Gold Partner requirements and request bidders to attached a Manufacturer Authorization Form.	The Authority intends to procure Laptops which have been specifically customized for KRA use. As a result, it is a major ICT requirement that bidders be either OEMs or they are Authorized Partners with Gold or above partnership status. Bidders must have the capacity to source customized products from the factories for KRA use.
Note: In the event of a joint venture, ALL parties involved MUST meet the mandatory requirements as stated in the minimum technical specifications in the tender document.		

This addendum forms part of the bidding document and is binding to all bidders. All other terms and conditions of the tender remain the same. Bidders who have already downloaded the bidding documents are required to immediately acknowledge the receipt of this clarification.
